CAREER OBJECTIVES

I am a results-driven front-end developer with a proven computer and software industry track record. My expertise spans a range of technologies, including JavaScript with a focus on Vue.Js, Nuxt Js, React Js, HTML5, CSS3, and specialized tools like Tailwind CSS, and Vuetify, allowing me to create innovative and visually appealing web applications. With a passion for crafting exceptional user experiences, I am dedicated to staying at the forefront of web development trends. I thrive in collaborative environments.

SKILLS

- Self-starter
